"This price cannot be right."

"They are sending me to collections."

How It Works

1

We check to see if you qualify for:

- Free hospital care
- Discounted hospital care

Nonprofit hospitals **MUST** provide financial help under federal law.

Millions qualify and do not even know it.

2

If you do not qualify for free care, we fight to lower your bill.

We work directly with the hospital so you pay less.
